Lithuania - Word of Faith

Please pray for a newly started Youngsters group in Siauliai - that the Lord enables to reach out to the 8-13 kids. At the moment there are 8 kids. We need more young leaders who would join the team.

Austria - ABÖJ

- Thankful for two former leaders, who got elected for the ABÖJ-board. Both of them served faithfully in camps and training courses.
- Thankful that we found already three volunteers who will lead a training course in 2015
- Pray for the coming weeks: we will build the teams for the five training courses next year
- Until middle of November the brochure for the training courses in 2015 should be completed

Hungary - Biblikai Kaland Tabor

Juropa

- Please pray for the board meeting on 15th November 2014
- Cornelia has some problems with her computer, especially with the address files

sBoard - Daniel Jägers

It is our task to supervise and consult the executive team in their daily work. Yet to communicate/skype with 5 people from 5 countries can be quite a challenge: Hensie (UA); Mirjam M. (I); Miri W. (CH); Florin (RO); Daniel J. (D). Together with accepting our election as members of the supervisory board, we gladly accepted this and other challenges. These include language barriers and wisdom in deciding how closely to supervise and consult the executive team. We are grateful for a constructive and friendly atmosphere within our board and in cooperation with the executive team.

Region 1 - Rudolf Hächler

- Thankful that I found a lawyer who helps us with the registration of YSint in the „Register of companies“ in Switzerland
- Pray for the planning of the NCM 2015. During the next few weeks we want to send out the first information package and the official invitation

Switzerland - BESJ

Through various circumstances our association lacks funds of approx. CHF 180'000.— this year. For example many christian ministries don't get the financial support of the government anymore. We are thankful that Jesus provided faithfully in the past and we believe that he will do the same also in the future. We are so glad that a lawyer supports as generously and is working hard for our request. We pray that the whole situation will glorify the Lord and strengthen his church. We also pray that in the future it will still be possible to share the gospel in Switzerland with children and young people.
