Bulgaria - СИП

- Last time in Hisar we had a new participant. More than half of the children who are attending this group, are not from a christian family. Unfortunately we have only a few leaders and this is really difficult, especially for planning and preparations.
- Leaders and Youngstarskids are challenged to live as a believer in their surroundings (school and friends). May they be strong and faithful despite difficulties.
- Pray for good leaders for the summer camps We need especially people who are over 20. Pray for good and smooth preparations together as a team.

Ukraine - Nasledie

- We are in the middle of a project to gather Christmas gifts for children in orphanages and our volunteers are asking people in a shopping center to fill a box for an orphan. Last year we gathered 800 presents in this manner, but this year the situation in the country is clearly affecting our project. Please pray that we will have enough presents when we visit the orphanages.
- We will be having 6 winter camps in orphanages, one from 2-5 January and five from 8-11 January. We are still finalising programmes and trying to find enough volunteers. Please pray for us!
- We are also planning another meeting for interested youth workers in the beginning of next year to introduce Youngstars.
