

Juropa

- These days a fund raising event for YoungstarsWiki started (crowdfunding). We pray that many people will make a donation.
- Kurt and Ramun will be part of the NCM: pray for safe travels and a blessed time
- Inquires of volunteers: wisdom in finding the optimal place for them

NCM - Lithuania

Let's pray for the National Coordinator Meeting NCM, safe travels, good fellowship and interactions despite culture and language barriers, unity in all decisions and encouragement for everybody who is participating.

YS office

The commercial registry entry of Youngstars Int. in Switzerland has reached the finale phase. We pray that everything will be completed uneventful at the NCM.

Lithuania - Word of Faith

Please pray for the upcoming important events this summer:

- basic training June 17-21
- teens camp (12-16) "Fellowship of the Ring" July 11-17
- kids camp (8-12) "Chronicles of Narnia" July 19-25
- forum "Serving young generation: renewing vision" in August

Austria - Aböj

- We are thankful for the first two training courses this year. For the first time both of the courses were directed by voluntary leaders. The participant's feedbacks were very positive and encouraging.
- We pray for more participants for the basic training „Teenager“ from 13-17 May. We also pray for the preparations for the team leader training course which will take place at the same time.
- For the second part of the year we plan a general revision of all the training course manuals. We already have a project leader. For the realization we still need more volunteers, a lot of wisdom and enough financial resources.

Hungary - Bika

- For our summer camp in July: the topic North America and the conflict between the white and black through history is very exciting. We already have nearly 50 volunteers who are willing to help.
- We also want to work more with teenagers through the year. Therefore we started an initiative (Fogaskerék - gear wheel) and plan other meetings so we can follow-up on the young people and teenagers.
- Nicole Niederhauser, our intern from Switzerland is a huge help. She helps out wherever the translation is solved. With her gifts and experiences she is an enrichment and an encouragement to all of us.

Switzerland - Besj

Thankful:

- for a great team weekend in March with over 1000 leaders. God personally touched many people and moved their hearts.
- for the registration status of our courses for 2015 which is very encouraging
- that we already have many voluntary leaders and helpers for the courses this year
- that we are part of the network Youngstars Int.

Pray:

- at the moment (April) 8 training courses are taking place. We pray that God touches people, blesses and heals them.
- one course leader(Heiri) is suffering from a severe back pain and it is not certain that he is able to lead the training course.
- the financial future of the Besj is still very insecure since the government cancelled a considerable amount of funds (now the court needs to decide on this matter).
