

eTeam (Executiv-Team)

At the moment we are very busy with the different summer activities and there isn't much time left for YSint... Please pray for us during this special time - thank you !

Poland - YS Poland

- We hope to have a leadership training course at the end of August in Tarnow. With God's help a new YS group will start there in a young church planting.
- We hope to have an introduction weekend in summer/autumn 2015 in Łódź, maybe also in other places.
- After three years of a growing YS group in Wroclaw we have now a problem: we need more leaders. Please pray, that God will give us wisdom to find the right people.

Ukraine - Nasledie

- During the month of May we said goodbye to our graduates from our groups in orphanages. Praise God for the impact we could have on their lives during the past year and pray for their future with all the challenges it holds.
- Now we are fully immersed into the camp season which will only end the 22nd of August. This year we are expecting around 700 children including orphans, children from special orphanages for kids with "Delayed Psychological development" and around 100 refugee children. The first camp for boys is underway and we will have 6 more camps including a camp for families with adopted children and one for all our camp leaders and volunteers at the end of the season.
- Pray that many children will make a decision for Christ this summer and that this camp season will serve also to help our Youngstars group ministry grow!

Romania - Micii Exploratori

- From July 4th - 11th a basic training course will take place. Already more than 20 participants signed up. But unfortunately we only have very few leaders.
- For our regional summer camp from 20th - 26th July we urgently need a cook!
- For health reasons we had to say goodbye to Andreea (our full-time employee). Now we need to look for somebody new.
- We are looking for a successor of Daniel as general manager of Micii Exploratori - the future is very unclear.

Moldova - YS Moldova

- Basic training course that takes place at the moment, June 21st up to 27th.
- From July 28th to August 4th we have a camp. Children from 9 different YS clubs will attend.

Bulgaria - СИП

- From July 1st Milostina will help us for approx. 2 months. She grew up with the camps and wants to dedicate her time and skills to the Youngstars ministry before she starts her studies. Let's pray that this time will be a blessing mutually.
- For all the camps and training courses (from 11th July to 23rd August): we need wisdom and strength for the preparations and the organization.
- Let's pray especially for the camp with the orphanage children from July 20th to 24th.

Juropa

- We are looking for a successor of Ramun as project manager of YoungstarsWiki.
- successful completion of the crowdfunding project for YoungstarsWiki: we need enough money to establish a table function.
- transportation of material for Moldova: that it reaches its destination before the camps start.
