

Poland - YS Poland

- In these weeks the Youngstars groups in Wrocław and Łódź (after a longer break) start again. Pray please for the YS leaders and the kids for a good start in the new semester.
- It's still a long time until next summer, but we start to think about which trainings and camps should be done next year. Pray for wisdom please.

Bulgaria - СИП

- Pray for our young leaders who attended the Basic Training this summer that they find their way in their new responsibilities and role as leaders, pray for growth in their faith, liability and joy. Nine of them want to help in our Youngstars group - and this is great!
- For a good start of the Youngstars group on September 19th in Gorna. Since this fall we will meet alternately in Veliko Turnovo and Gorna Oryahovitsa. The long-term goal is to start a group in V. Turnovo because many children and leaders come from there.
- We also pray for new children because many of our former children are now teenagers or young leaders.
- For us - Ursula and Hans-Georg: wisdom how to coach the 9 new and young leaders; how to set up and build a leadership team for the Youngstars ministry; good collaboration with Martin and Biserka Kräuchi who are the only adults in our team; clarity where the best location for the Youngstars group in V. Turnovo should be. So far we haven't found a safe place or room.

Moldova - YS Moldova

- We had a richly blessed teenager camp and experienced God's hand every day. After the final message at the end of the week all the children wanted to accept Jesus as their personal savior. We prayed for them and blessed each one of them. Many come from families where one of the parents is an alcoholic. A girl cried and said that she doesn't want to go back home anymore because her family is a nightmare.
- In our regional summer camp we had 60 participants from 7 different clubs. We all were exhausted and tired at the end of the camp but the efforts were so worth it. Please continue to pray for these children and teenagers that God will continue to work in their lives. We hope that their parents will experience Christ's love too and that He will transform whole families.

YI office

It took quite a while but now it is done: YS International is registered in the Swiss commercial register - Praise the Lord! Thanks to all of you who prayed with us for this process!

Romania - Micii Exploratori

In the middle of November we have an important meeting with the board. We need to find a specific solution who will take over Daniel's position. We also asked a person to join our team and we are still waiting for her decision.

Ukraine - наследие

- Praise God for our amazing summer camp season. By the Grace of God we were able to host almost 800 children on 8 camps and a total amount of 186 children made a decision to follow Christ. Please pray now for all our volunteer teams that will start to visit the orphanage groups again during September and October. Please also pray for more and devoted volunteers.
- Another praise point is that we have acquired the base where we held our camps this summer. It is in the village Illichevka, adjacent to Odessa. We would like to see this base serve the body of Christ as much as possible and are praying about opening an after school center, a club for orphanage graduates, developing the sports/ outdoor part of our ministry, house refugees if need be ...
- This year for the first time we are supporting the "Run and Walk for the World" project and will attempt to raise awareness about the plight of orphans with a fun run on the 26th of September. We are also hoping to raise funds to buy sport equipment for orphanages through this project. Please keep this in your prayers.
- We ask your prayers for the Basic Training course the week of the 4th to the 10th of October. Daniel Horst will be visiting us with a small team to present this course to 15 students.
- Please pray for our Youngstars ministry in the neighbourhood of Luzanovka. We need another volunteer or two. Since the group is attached to a new church plant we have very few locals able to support this ministry. We have now acquired the building we have been praying about and had a clean up session (the building has been standing empty for many years and homeless and drug addicts have been using it...) Our dream is to start another after school care center in this troubled neighbourhood.
