YI office

Please pray for the meeting oDiskussions verläuft konzentriert the e-team and the s-board this weekend in Rome. In only a few days many things need to be discussed and decided. Please pray for wisdom,

Austria - Aböj

Thankful for:

- On the 17th October we had our yearly general meeting. We spent a very good and motivating time together. After the discussion of all the topics we voted on them in unity. The discussions were focussed and very encouraging.
- With a sponsored run after the GA 14 runners raised the amount of 4.867,62 € for our project, the revision of the course materials.
- The revision of the course materials is progressing well although it is a lot of work.

Pray for:

- In the coming weeks Ruedi will have a talk with a potential coworker we would like to employ part-time, maybe in the future also full-time. Please pray that God opens or closes the doors.
- Please also pray for Sabine who is working on the revision and improving of the course materials. These manuals will have a major impact on the YS ministry in Austria in the future.

Switzerland - Besj

- This fall we have had very good and inspiring training courses. It is great to see how God touches and changes the life of people.
- Two participants got hurt during the fall courses (broken leg, broken nose). We pray for a quick and complete healing.
- During the next couple of months people from the Besj will be part of several big conferences. Please pray for wisdom in all of the preparations and open hearts among the participants.
- The families of the Besj staff is always under spiritual attack. Please pray for protection of the marriages and families.
- More and more Christian youth ministries don't receive any financial support from the government anymore. Our case still lies with the Federal administrative Court at the moment. We'd appreciate your continued prayers.

Hungary - BiKa

- There are some long and tense problems among the BiKa-leadership. In the beginning of November we are going to have a meeting where many of the responsible people who are involved will be invited. The relationship between the BiKa and the bible center or rather my (Dani K.) role as youth worker needs to be clarified.
- Since the summer camp nearly nothing happend, no evaluation, no plans or future perspective... ☹! Therefore the new initiative (Fogaskerék) only starts slowly. The teenagers want to meet on a regular base and we would love to offer them the possibility for fellowship and spiritual inputs. The first Fogaskerék-Weekend is planned in March 2016.

Please pray - this is a milestone now!
