

Hungary (Maté Takacs, National coordinator):

- My parents feel that they want to hand over the leadership to a younger generation and they are looking for new mature leaders.
- We would like to be involved more in the Youngstars so we want to start Youngstars clubs and also the training for our volunteers and mainly for the new generation of helpers.
- We also wanted to buy new tents from a governmental support but much to our regret we didn't get the money, but we really need new tents because the tents we have already are too old and there are not enough and we don't have money for it.

- This year is the 10th anniversary of the BIKA so we are planning to organise an event on the 13th of July and we want to invite the all the people also from abroad who helped start this camp in Hungary and all the "old guys" who were in the first camp.

*Every day I will praise you and
extol your name for ever and ever.
Psalm 145:2*
