

## Romania (Cosmin Tamas, National coordinator):

- The summer is knocking at the door and there are a lot to prepare, pray for wisdom and power to do all things in time.
- There are a lot of opportunities for Micii Exploratori to open new clubs and to make introductory trainings but sometimes with the lack of personal it's very hard to meet all requests.
- We are very thankful for the beginning of this year, we manage to make 3 introductory trainings and to open five new clubs in different cities.
- Our National Camp is in July and many of the children who want to take part come from poor families. Because we didn't earn all the financial support we need some of them will not be able to come in the camp. Please pray for donations for this children to come.
- We are planing a Basic Training and a Group leader Training in July and we still need some leaders to come, especially boys.
- We decided to make a new camp in August, this time for kids with age between 13-15 years and almost all of the places are occupied. This was a big encouragement.
