

Youngstars Italy (Valentino Mistreanu, National Coordinator Italy)

- The international experiential education training took place in Volturara.
- For us, the start of school is not long ago. Therefore, we will start with our Youngstars afternoons in mid-October. We hope that we will have fewer restrictions and that we will be able to meet with the children even in winter.
- We pray for our young leaders and assistant leaders. It is a challenge for them to cope with the school routine and to travel to the city every day. Those who are studying still have many hours of online classes.
- The Youngstars group in Sassuolo faithfully offers its programme to the children in the area quite alone.
- Youngstars Italy is looking for new ways to make new contacts to get interested churches involved in the Youngstars work.

Praise be to the God and Father of our Lord Jesus Christ, who has blessed us in the heavenly realms with every spiritual blessing in Christ.
Ephesians 1: 3

Juropa

- An employer inspection was carried out on 22 September. The inspection showed that the legal provisions were complied with at Juropa.
- Praise: 15 Sept. 19.30-21.00: Board meeting - important personnel as well as future-oriented decisions could be taken unanimously.
- 26 Oct: another important operational meeting with BESJ and Daniel Horst.

YoungstarsWiki:

- The new page works reliably. New articles are being added all the time - YoungstarsWiki.org is being used!
- Wisdom and foresight for 2022 annual planning - what promotional opportunities are right for us
- more members and more volunteers who also want to be involved in the board.

Youngstars International (Daniel H.)

Thanks:

- I am grateful that we were able to run the international team leader course in Romania. For at least 4 people this course was very important.
- For the christ. experiential education training (CEET): Unfortunately, at least 5 National Coordinators could not come. It was a challenging week for me because the expectations were quite different. But important processes took place during the week. I am very grateful for this, especially that the NCs have grown even closer together.
- For the meeting at the NCM (National Coordinators Meeting) which was integrated into the CEET. There, almost all members could participate via Zoom. I informed about the changes and new structures in the future and the mood was very encouraging, something like "we can do this together". Very encouraged and with a team of two people to prepare the new structures, I could finish the meeting.
- I recently received an email from Ronalds and Rasa in Latvia. They want to start with Youngstars in February!

Prayer Requests:

- We are still looking for at least one new board member for Youngstars International.
- Continue to pray for Romania and the process of a second employee.
- Please continue to pray for new contacts in European countries where there are no Youngstars groups yet.
