

Radicais - Youngstars Brazil (Jordelio Souza National Coordinator)

This January our work with the Radicais in Brazil completes 8 years and for 1 year now we are an association. We are very happy with the multiplication of the groups in Brazil and how parents have understood the importance of the work and encouraged their children to participate in all activities.

Prayer requests:

- Barbara's hiring: she begins to serve full-time as a staff in the Radicals this year.
- Prayer to get more resources for the payment of Barbara and fixed expenses of the Radicas and for the training and supervision trips within Brazil
- We will have our Radicals summer camp in São Paulo from January 8 to 13, we will take 182 participants and a team of 35 people. More than 100 children were on the waiting list wanting to participate in the camp.
- At the beginning of February 3 to 5 we will have a training of pioneering techniques in the State of Espírito Santo.
