Youngstars International (Daniel H.)

Praise:

- For Cosmin's start of work.
- From 10-12 May we held an introductory course in Moldova. It was a very good new start. Key people, such as two couples from the Pentecostal Church Association, took part. They were so enthusiastic that the association invited us to present Youngstars at their national conference in two weeks' time.
- For the growing financial support of Youngstars International

Prayer Requests:

- There are still some administrative issues to be resolved on how to employ Cosmin, please pray for wisdom for the YSint S-Board.
- Cosmin needs a new laptop
- From 17-21 June we have the Summer camp in Latvia. At the moment the biggest prayer request is that we can win more Latvian leaders. So far there are 4 and on two days only 3 leaders.
- From 29.06 - 06.07 we have a team leader course in Italy with 10 Italians and 2 Bulgarians.
- We are still looking for someone who could help us with administrative work.
- For new Youngstars groups in the existing but also in new countries. As the "New Countries" working group, we have been thinking about strategic steps to reach "unreached" countries in Europe with Youngstars.
