

Youngstars Italy (Valentino and Mirjam Mistreanu - National Coordinator)

The school year started in mid-September, and the start in Italy is always quite chaotic.

Which is why we are always grateful that we can also start with the regular Youngstars afternoons.

Prayer request:

- For the local group of Sassuolo, especially for the team, that they have enough leaders.
- For the local group of Volturara, we work with 3 different age groups. We meet regularly every 2 weeks with the younger and middle-aged children. We pray that we can accompany the children on their journey and that the contact with the families can be deepened.
- We are praying especially for the teenager group! During the summer months we have experienced so much together and we pray that the group now may continue to exist. We are especially praying for our boys who are this year attending secondary school in Avellino (the city) and experiencing new challenges. May they make good decisions for their lives and courageously follow Jesus.

**Praise the Lord. Give thanks
to the Lord, for he is good,
His love endures forever
