Request - we pray in confidence

Youngstars Austria (Ruedi Hächler)

- At present, there is still a gap between our increased financial needs and the donations we receive. Please pray that the number of regular donors will grow in the coming weeks, so that we can maintain a balanced budget in the long term.

Youngstars Cuba (Nelsy Chavez Amador)

- May God use my time in Switzerland to provide friends supporting us financially so that we can carry out our summer activities.
- Because of the current fuel situation in the country, this often prevents us from holding introductory and other courses, and also limits our ability to travel to accompany churches with working groups.
- Let us pray for the leadership course we wish to hold with a Youngstars team in September.

YoungstarsWiki (Emanuele Eusebiu Omusoru)

- May God provide the finances for the future updates, coming this year.
- We need wisdom and creativity to form the YoungstarsWiki in a way that serves the leaders on the field.
- A good finalisation of the internal restructuring and wisdom for Emanuele and the board to take the right decisions.
